SSC was established to meet a demand for a reliable and flexible civil sub contractor who would work with their clients to achieve common goals. Sinshine has met this demand and in doing so has risen the bar within their chosen sector. Recent expansions into plant and precast supply are the result of Clients requesting SSC to extend their reliable service to broader scopes.

Summary

Civil Construction Sub Contractor, Plant supplier and Precast Concrete supply and fabrication.

Satisfaction of clients, as evidenced from repeat business, is the SSC charter.

Description

SSC Civil is owned by Jerry Keneally, a civil structures expert, with 20 years' experience running construction projects around the globe.

SSC maintains a core group of key personnel and supplements as required to meet project expectations. Since inception, SSC has completed projects in NSW and South Australia, principally on RMS and DPTI projects, but also on Justice NSW and various Council ventures, both in urban and remote locations.

Previous Projects and Clients include;

- Pimlic to Teven Bypass, NSW; Leightons / CPB;
- Kempsey to Kundabung, NSW; Mc Connell Dowell / OHL JV
- Woolgoolga to Glenguie, NSW; Your Civil OHL JV
- Liverpool to Bringelly, NSW; BMD
- NorthConnex, NSW; LendLease
- Stingray Creek, NSW; Waterway Construction
- Warrell Creek to Nambucca Heads, NSW; Acciona Ferrovia JV
- Shared Pathway, Penrith, NSW; Seymour Whyte
- Harwood Bridge, NSW; Acciona Ferrovia JV
- Woolgoolga to Ballina, NSW; Brady's Marine Civil
- Darlington Upgrade, SA; Laing O' Rourke Fulton Hogan JV

Combined Value; AU\$ 4.5m

Combined Duration; 4 years

Combined tons of reo fixed; 15,000

Combined cu.m of Concrete formed and placed; 5,000
LTIs over this period; 0

SSC has detailed management plans that are continually updated to comply with legislative and project specific requirements.

Despite achieving all work targets on iconic projects such as the longest single span bridge in the southern hemisphere or the largest rural bridge ever constructed in Australia, SSC proudest achievement is zero LTIs during the completion of all scopes.

SSC has a culture of developing and retaining trainees and has a reputation for excellent treatment of all staff. SSC has a Master Builders Australia endorsed EBA.

Based on the experience gained during the successful completion of the above projects, the ability to source quality experienced operators and provide accurate scheduling and resourcing estimates, SSC is the premium choice in their chosen field.
