Founded in 1997, Quest Maritime Services is an ISO9001 certified company, supplying vessels and crew to support all facets of the marine sector of the Oil and Gas Industry.

Summary

Quest Maritime Services is a Commercial Vessel Charter company based in Broome WA, and maintaining offices in Broome, Darwin, and head office in Perth. Our vessels are currently located in Broome WA and Darwin NT.

Scope of operation includes, but is not limited to,

- Commercial Charter for offshore research
- Offshore servicing of marine facilities and vessels
- Chase boats to Seismic ships
- High speed emergency response
- Diving support
- Environmental sensitive reef areas & near shore surveys
- Amphibious marine crafts - multi role all terrain launch and land
- Crew transfer

- Line boats and pilot work
- Coastal Towage.

Our current fleet consists of:

18m Aluminium twin engine CAT, with excellent accommodation, and large work deck.

19.7m Aluminium twin engine, mono hull, high speed Charter Vessel

23m Aluminium twin engine, high speed, mono hull, long range Offshore Work Boat.

We are also able to source vessels specific to our clients needs if required

Description

Founded in 1997, Quest Maritime Services is an ISO9001 certified company, supplying vessels and crew to support all facets of the marine sector of the Oil and Gas Industry. We are a family owned and run business with an office and workshop in Broome, an office in Darwin, and main administration office located in Perth WA.

All vessels are OVID & IMCA audited and Woodside accredited, with comprehensive Vessel Safety Management Systems in place. QuestMS has a wealth of experience in the northwest of WA and the waters of the Northern Territory, supporting Environmental and Hydrographic survey, Dive support, Offshore Facility Servicing, and Marine Construction projects.

We look to employ a large content of local crew to ensure expert knowledge of local waters, and strive to maintain a content of Traditional Owners in our team.

QuestMS has a strong focus on HS&E principles, and all our crew are trained to the highest of standards to ensure a safe working environment for Employees, Clients and

Contractors.

We take pride in our ability to cater specifically to our clients individual needs.

QMS sets itself apart from our competitors by:

- Having operated vessels for over 14 years
- Employing key crew members with significant industry experience
- Our proven experience in carrying out complex marine and technical operations
- Providing state of the art vessels
- Providing a management team that is available at all times
- Our willingness to customise equipment to clients requirements
- Providing all year round services to the North West region of Australia
- Constant reviews of the vessels and equipment operating systems to maintain efficiency
- Fully insured meeting the requirements expected of the

Global Offshore Oil Industry

- Company managed system audits which provide for continuous improvement of Policies, Procedures, and Maintenance regimes.

Our clients include, but are not limited to, Woodside, Shell, Fugro, Gardline, NT Shipping, DEC, Inpex, SKM, Cardno, CGG, Department of Fisheries
