OTA, supply Tatra Trucks throughout Australasia.

Fit for purpose built heavy duty offroad trucks offering turnkey solutions and best in class design meeting individual customer requirements.

Built with extreme endurance and operator safety & comfort front of mind. Product range includes service & water trucks, maintenance & rail trucks, drilling rig trucks, fire & emergency response trucks, crane / tippers, low loaders for rough terrain on & off highway use. Model ranges are all wheel drive with various configurations including 4x4, 6x6, 8x8, 10x10 & 12x 12 wheel drive, common major components to reduce operating costs and increase asset life cycle and improve business outcomes.

Summary

Offroad Trucks Australia(OTA) are the Australasian dealer for Tatra Trucks, a heavy duty off-road vehicle produced in the Czech Republic. Tatra have been producing trucks for over 120 years and

have a unique design like no other. The independently suspended swinging half axles together with the powerful engine and combined suspension system ensure such driving qualities that cannot be offered by any other vehicle.
