Celemetrix supplies ISO17025 NATA accredited calibrations and testing for the Australian Defence, Aviation, Aerospace, Medical, Telecommunications, construction and manufacturing sectors plus many more.

Summary

Celemetrix is Australia's largest calibration and repair facility with over 55 people and 4 labs covering Australia and NZ.

Tow of our labs are NATA ISO17025 with broad capabilities covering most market sectors.

Description

We undertake 20,000 calibration events per year and 22,000 LV/HV tests for the Utility sector.

Our capabilities include:RF, Electrical, Torque, Dimensional, Pressure, Temperature, Gas Detection, Optical Fibre, Data.

We offer total asset management including outsourcing solutions and use State of the Art Web portal solutions.

Celemetrix Australia has over 70 staff and provide mobile services.

Our staffing includes over 35 technical/engineering, 3 Compliance staff members and 11 customer service people, Business Development and finance.

Delivering services through Asia Pacific , customising solutions tackling the most complex challenges and remaining focused on technology trends.

We are aligned with global partners including OEM's allowing us to ensure compliance and we provide services

throughout ASEAN Region.

We have 4 labs:

Melbourne

Sydney

Brisbane

Auckland

We have been contracted by leading Defence and Aviation companies to undertake total asset management services including BAE, Raytheon, GE Aviation, TAE, Siemens Healthcare, GE Healthcare, Toshiba Healthcare, Philips Healthcare.

Projects included development of networking solutions for the Fiona Stanley Hospital, AirNZ outsourcing of their Australian capability, NBN Fibre termination project Australia wide.
