HEQ are a privately owned local company, committed to employing local people from the communities in which we work.

Summary

HEQ Services is a locally owned business based in Dalby and Roma.

HEQ Services provides capabilities for maintenance and

fabrication for the oil & gas, resources and coal industries. HEQ specializes in 24/7 field services for on-site maintenance, diagnostics, repairs and breakdowns, Light and heavy fabrication, boilermaker repairs and crane hire.

Description

HEQ are a privately owned local company, committed to employing local people from the communities in which we work.

HEQ are also committed to indigenous participation, and have around 9% indigenous participation within our current workforce.

HEQ employ fully qualified Diesel Fitters, Boilermakers, Auto Electricians, Crane Operators, Rigger/Dogman and HV Electricians whose expertise is in maintenance and repairs in the Oil, Gas, Coal and industrial sectors with:

- * 24/ 7 Field services for on-site maintenance
- * Diagnostics
- * Repairs and Breakdowns.
- * Weed and Seed Inspections
- * Authorised Refrigerant Certified for Air conditioner work
- * Boilermaker repairs
- * Light and heavy fabrication
- * Fleet Management
- * Component Rebuilds
- * Other Specialised Services

HEQ also operates a Crane Division that provides a range of

Cranes, Trucks, Tele-handlers, and has highly skilled Riggers and Dogmen at its disposal.

All HEQ Services and equipment is available 24/7, no exceptions.

HEQ is committed to providing flexible consolidated services to its clients, with a key focus on safe delivery.

HEQ is ISO accredited in 4801, 9001, and 14001 covering key areas of Safety, Environment and Quality.

HEQ Employs a full time Assurance Manager with extensive experience in HSSE across construction and heavy industry who will be tasked with supporting your project and managing risks in partnership with your HSSE Team. We can also provide Engineering support, Planning support, EEM's and other specialised roles as required.

Working across multiple fields such as Asset Management, Consulting, Engineering, Construction, Operations, Maintenance, Well Servicing, Mining, Integrated Service & Logistics means our network of services will save you time and money.
