Chess Engineering is firmly established as a reliable steel fabricator, manufacturing to Australian standards of quality and safety.

Summary

Chess Engineering is a mechanical engineering 360 degree service provider. In part or whole, we take clients from the design stage, through fabrication to installation. Our large facility enables light to heavy fabrication, mild steel to stainless steel fabrication, machining, fitting, blasting and painting.

Chess also offers customers maintenance services such as

breakdown and preventative to On-site and On-call where we are able to service and repair any fatigued plant and equipment.

We are certified with a full suite of HSEQ accreditation's that ensures our organisation to meeting or exceeding our clients expectations for delivery, quality and safety.

Description

Chess Engineering is firmly established as a reliable steel fabricator, manufacturing to Australian standards of quality and safety. We conceptualise, design, fabricate and install all metals including mild steel, bisalloy, stainless, aluminium, titanium, etc. Our capacity and technology covers an array of markets including specialisation in:

Rail rolling stock and track
Mining
Infrastructure
Food and beverage
Flame proofing
General engineering

Associations

- > Weld Australia
- > Australian Steel Institute

Products & Services

- > Design & drafting
- > Project management & project engineering
- > Aluminium & steel fabrication
- > Installation
- > On-site work & facilities maintenance
- > Rolling stock & track machine maintenance and upgrades

Facilities and Equipment

- > 4100sqm factory
- > 2 x 10T, 2 x 5T o/head cranes
- > Beam line
- > Plasma cutter
- > bender / roller

Industries Served

- > Construction & Engineering
- > Manufacturing
- > Mining
- > Oil, Gas & Energy
- > Steel

Major Clients

- > Outotec
- > Metso
- > FLSmidth
- > John Hughes
- > Sandvik
- > Flender

Accreditations

- > AS/NZS 4801-2001 OH&S Management Systems
- > AS/NZS ISO 14001-2004 Environmental Management Systems
- > AS/NZS ISO 9001-2008 Quality Management Systems
- > OHSAS 18001-2007 OH&S Management Systems (International)
- > Steelwork Compliance Australia CC3
