YBE Pty Ltd is one of the largest Aboriginal companies in Australia in terms of both assets and revenue. We are a privately-owned Yolngu business enterprise. YBE Ownership comprises of 26 Traditional Owners from East Arnhem Land and an Executive Board of eight (8) of the Traditional Owners and Community Leaders. YBE was created to ensure that the development of North East Arnhem Land's resources is shared and add value to the lives of all Yolngu people of the region. YBE has a permanent facility which includes our main administration office, workshop and training facility based in Nhulunbuy to support our work in East Arnhem Land. YBE also have facilities in Gapuwiyak to support the HMO contract for NT Government and we have opened an office in Darwin to expand our operations into the north west Top End. YBE has performed contracted services throughout Arnhem land and the Northern Territory.

---

## Summary

From humble beginnings as the Yirrkala Brickworks in 1968, YBE Pty Ltd has grown and diversified into a highly successful service operation employing over 90 employees in, environmental services, building construction, asset maintenance, infrastructure development, road

maintenance, haulage, transportation and Workshop areas. YBE conducts itself professionally in all its activities, with sound management, good business practices and the formation of strategic alliances, working towards the goal of excellent service.

## Description

### Company Overview

#### Our Dedication

The Companies' reputation has been developed and built through dedication and experience, providing innovative, cost effective and quality services in all sectors. YBE's approach has been crucial to our success in the ever growing and highly competitive business environments in which we conduct our daily business operations

#### Focus on Quality

YBE's dedicated focus is highly regarded by our clients, which has impacted significantly on growing our profile within our market locally and the greater Northern Territory.

The companies continual drive to Make it Happen and Deliver Results has evolved through a deeply ingrained culture over the last 51 years of safety, integrity, and respect. As an employer we strive to attract, develop, and retain the highest quality personnel, and most productive workforce for our clients.

Our Values are central to the way we do business and they play a significant role in our Companies success.

At YBE we value people who:

- > Work in collaboration with others in our Companies and take pride in the achievements of the overall team.
- > Strive for continual improvement and innovation and have the courage to think and actively contribute new initiatives that greatly benefit YBE overall.
- > Demonstrate personal integrity and responsibility through honest, respectful and transparent communications.
- > Strive for excellence in achieving their goals through strong leadership and commitment to the job at hand.
- > Are responsible and accountable for the care and protection of their peers, the business, the communities in which we operate, and the environment we are responsible for.

#### OHS and Environmental Policies

YBE utilizes Integrated Management System Standards. It is our ongoing commitment to provide ongoing OHS and Environmental Policies. These procedures represent a significant investment by YBE to maintain our zero lost time injuries throughout our Companies by ensuring we have a positive safety culture.

### Core Competencies:

#### Environmental:

The environmental section provides a wide range of multi-skilled operators undertaking miscellaneous tasks such as Environmental rehabilitation services, Weed Management, Landscaping, Irrigation, Arboreal Services, Horticulture services and Ground Maintenance which unite traditional knowledge, modern science and technical knowledge.

#### Asset maintenance:

YBE has a dedicated team to perform house maintenance work in Nhulunbuy, Yirrkala, Ski Beach and Gapuwiyak.

Capabilities include general repairs, minor constructions, fencing as well as pest and weed control work.

#### Civil Earthworks:

YBE has a diverse Civil Earthworks capability, encompassing road construction and maintenance, airstrip construction, drainage works, dam construction and general civil works for building and subdivisions.

#### Ore Haulage:

YBE (2) Pty Ltd has a fleet of road trains used to move 1 million tonnes of Bauxite within the mine site. Due to the heavy production regime required a high degree of quality and safety controls are in place. Freight & Transport:

YBE offers the whole of the Top End to create a new line of service deliveries that complement our existing services that we have delivered in North East Arnhem land for more than 50 years. From small freight to having the ability to carry pallets, tow trailers or arrange specialized freight services. With our dedicated fleet of vehicles that will accommodate all types of general transportation.

#### Indigenous Labour Hire:

YBE can supply contract labour hire for your everyday requirements from Administration and Labourers through to highly skilled operators and technical trades at very competitive rates. We supply labour hire candidates all over the Top End of the Northern Territory to clients like Rio Tinto, NT Government, Local Shires and independent companies and contractors.

#### Workshop:

The YBE Workshop operates 12-hour days, 7 days. We have fully qualified tradespeople.
