## Jacaranda supplies and installs complex joinery and specialised finishes

### Summary

Jacaranda embrace's the clients vision and provides real solutions by adding value and delivering exceptional joinery

that exceeds expectations.

### Description

Jacaranda supplies and installs commercial joinery, solid surfaces and acoustic solutions.

Jacaranda has completed joinery works that range from bespoke, multilevel apartment works, lavish foyers and complex wall and ceiling panelling. Jacaranda are certified fabricators and installers of solid surfaces and are the National Certified Distributor of Novawall, specialising in the installation of acoustic solutions.

Jacaranda have completed multiple high end projects including the Melbourne Conservatorium of Music, The VRC Club Stand at Flemington Racecourse, The Eastbourne and Melbourne Exhibition and Convention Centre.

Jacaranda was formed in 2004 by its three directors, John Giles, Andrew Southwood and Andrew Tinetti. Since then, Jacaranda has grown with to a team of over 100 skilled professionals.

We continue to maintain our reputation of integrity by always fulfilling our commitment to our people and our clients.

Our core values are Honesty, Excellence, Accountability, Respect and Teamwork. These values are the true foundations of Jacaranda.

We believe in our people. We create an environment that is dynamic and always changing.

## Previous Significant Projects

**2020**

**Capitol Grand**  
**\$6,000,000**

**Client: Multiplex**

Jacaranda worked with Multiplex to complete high end joinery throughout the common and lift lobby areas. Feature timber battening was applied to the walls on level 2 and 33 which included lift lobbies, gym and the Azure lounge. Shelving and veneer panelling was installed in the library, media and dining room. Additional joinery works involved a concierge desk, curved seating, fire places, kitchenettes and wine store.

**2020**

**West Side Place**  
**\$10,000,000**

**Client: Probuild**

Jacaranda worked with Probuild Constructions to complete joinery works at West Side Place, Melbourne. Jacaranda completed major works throughout the residential common areas. Works include wall cladding, feature timber veneer wall paneling with metal battens, wall paper panels with anodised metal trims, leather banquette seating and metal fireplace shrouds.

**2019**

**Australian Unity - 271 Spring Street**  
**\$200,000**

**Client: Probuild**

Jacaranda completed joinery works at 271 Spring Street, which is the location of the new Australian Unity headquarters. Working with Probuild a feature timber ceiling was installed in the ground floor foyer. The material used to create the architectural design was folded ply ceiling paneling.

**2020**

**M City - Monash**  
**\$1,000,000**

**Client: Multiplex**

Jacaranda completed joinery works at M City - Monash in the residence and hotel common areas. Joinery works include feature reception counters & bars, shelving units, wall panelling, kitchenettes, storage units and office benches. In the amenity areas vanities, wash planes and arched mirrors have been installed.

**2020**

**TED Building - Monash University**  
**\$1,500,000**

**Client: Lendlease**

Jacaranda completed acoustic wall linings for the Woodside Building for Technology and Design at Monash University. In the large tiered collaborative theatre Novawall 25mm track and acoustic insulation has been applied to all walls. The acoustic panels have been wrapped in a bright orange fabric to create a feature whilst providing an acoustic solution. In the meeting and teaching rooms Autex Vertiface grey panels and whiteboards have been installed on walls throughout.

**2019**

**Melbourne Conservatorium of Music**  
**\$3,500,000**

**Client: Lendlease**

Jacaranda completed major joinery elements for the Melbourne Conservatorium of Music. Works consisted of timber veneered perforated panelling, solid timber batten wall panelling, custom hardwood solid batten screens, vertically textured acoustic wall panelling, void surround joinery, feature custom cladding and multiple ceilings, alls and doors throughout. Jacaranda also contributed to the large 6-metre-diameter oculus window which looks into the ground floor orchestral rehearsal space.

**2019**

**One Melbourne Quarter**

**\$1,500,000**

**Client: Buildcorp**

Jacaranda worked with Buildcorp Group to deliver joinery and acoustic elements. The joinery works involved cafe seating banquette, planter bench, coffee bench, kitchen, mail room, first aid, consult rooms, advice reception and concierge. Novawall acoustic system was installed on the walls in the auditorium, meeting room pod, tech bar display and circular video conference room.

**2018**

**Melbourne Convention & Exhibition Centre**

**\$6,000,000**

**Client: Probuild**

Jacaranda worked on major joinery elements such as the timber ceilings and walls. Wall finishes throughout the building are a combination of timber veneer, painted panels, laminate panels and fabric panels. Some of the ceiling finishes are a custom profile slatted timber which envelope the central hub space and link the existing convention centre, new exhibition space and other areas. Perforated coffered panels and veneer panels envelope other areas of the space.

**2014**

**University of Melbourne**

**\$7,000,000**

**Client: Multiplex**

Jacaranda completed specialised joinery and wall panelling for the University of Melbourne Faculty of Architecture - Building & Planning. Working with Multiplex Jacaranda finished joinery works on ground floor, level 1, level 2, level 3 and level 4. Works consisted of vanities, wall linings, ceilings, lockers, workstations, library tables and shelving. Jacaranda also had a major role in the completion of The Hanging studio, a suspended timber-clad studio center piece of the central atrium.

**2019**

**The Eastbourne**

**\$2,000,000**

**Client: Mirvac**

Jacaranda worked with Mirvac and completed multiple joinery works throughout the residence. Wall and door panelling was installed throughout amenity areas, including the luxurious pool, gymnasium, steam room and lift lobby areas. In theatre room Novawall has been applied to assist with room acoustics.

**2019**

**The Glen Shopping Centre**

**\$3,500,000**

**Client: Probuild**

Jacaranda completed joinery and solid surface works for the redevelopment and expansion of The Glen Shopping Centre, located in Melbourne's south-east. Working alongside Probuild, elements were completed in many locations throughout the centre. Corian baby change tables and wash planes, feature timber walls, mirrors and shelving were just some of the works completed in the amenities and parent rooms. Featured timber panels were also installed on the pavilion ceilings.

**2018**

**Victoria Racing Club - Club Stand**

**\$7,000,000**

**Client: Multiplex**

Jacaranda supplied and installed joinery pieces and panelling to almost every space in the venue. Commencing our works at the Ground Floor and Lobby Lounge, Paddock Bar, The Bakery, The Arbour, through to The Members Bar, Champagne Bar, Furlong Bar, The Dining Room, Bluegrass, The Byerley, Straight Six and The Roof Garden and Rooftop, this project was challenging in that every piece was different.
