Description

All Industries Solutions does not only provide its services to ensure that the street are clean but also helps the environment in the battle against pollution. Street surface pollution is a source of water and air quality degradation in urban areas. Street sweeping is practiced to remove debris and sediments from roads and to reduce pollutant export to the natural environment.

Our services are not limited to the outdoor areas with our heavy machinery, but are extended to the indoors as well.

Below is a reference guide to our capabilities in terms of outdoor and indoor cleaning:

- . Street Sweeping- Hino 500 MacDonald Johnson sweepers VT651 and VT652
- . Water Carting Services
- . Ride on Sweeping and Scrubbing
- . Pressure Washing
- . General Cleaning (commercial, industrial, building)
- . Hygiene/Sanitary Services
- . Hard Floor Maintenance
- . Window Cleaning
- . Ground Maintenance
- . Concreting
- . Building and
